# View in IGB

To view your data in the Integrated Genome Browser:

1. Start the most recent version of IGB.
   a. If you do not have IGB installed, download it from bioviz.org and install it on your computer.
2. In BioViz *Connect*, click the View in IGB button for the file you want view.
   a. For a full list of the file types that can be viewed in IGB, please refer to https://wiki.bioviz.org/confluence/display/igbman/File+Formats.

Click to view this file in IGB
